

# Montessori

## Playgroup

Montessori Playgroup is a program for parents and children aged birth-4 years in which children choose materials and activities at their own pace within a specially prepared environment, supported by their parent and guided by qualified and experienced Montessori teacher (Alana) as needed. Each week we also enjoy a short group time including songs, games or stories, before packing away and singing “goodbye”.

Attending Montessori Playgroup is a great way for parents to get to know other like-minded families in the area, learn more about the Montessori approach, and feel supported in their parenting from week to week. Bookings are essential as places are limited.
